

RADWINs' Conflict Minerals Policy Statement

RADWIN is committed to sourcing components and materials from companies that share our values around human rights and environmental responsibility. We expect all of our suppliers to abide by the requirements of our guidelines and policies.

On August 22, 2012, the U.S. Securities and Exchange Commission ("SEC") issued the final conflict minerals rule under Section 1502 the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Conflict Minerals Rule"). The Conflict Minerals Rule requires publicly traded companies to report annually the presence of conflict minerals (tin, tungsten, tantalum and gold, or "3TG") originating in the Democratic Republic of the Congo or adjoining countries ("Covered Countries").

RADWIN supports the goal of ending violence, human rights violations and environmental devastation in the Covered Countries. We are committed to complying with the requirements which are applicable to our Company under the Conflict Minerals Rule, although RADWIN is a privately held company.

RADWIN will assist our customers in implementing their conflict minerals programs. We strive to work cooperatively with our customers and supply chain partners in implementing conflict minerals compliance programs.

RADWIN requires all of our suppliers to provide us with completed conflict minerals declarations using the EICC/GeSI Conflict Minerals Reporting Template. We may reconsider our willingness to partner with suppliers that fail to comply with this Policy.

Sincerely,

Itamar Caspi

RADWINs' Quality Assurance Manager
